All benefits are subject to the terms, limitations and exclusions of the Certificate of Coverage. Please refer to your Certificate of Coverage, Preventive Coverage or Preventive Services Guide, and any applicable Riders for detailed benefits information, eligible services and coverage guidelines. Network Health Plan's coverage includes benefits for all State of Wisconsin and Federal mandated benefits.

Coinsurance for Non-Specialty injectable medications administered in a NHP participating practitioner OR non-participating practitioner's office are covered under the medical benefit and will follow the coinsurance outlined above in Section a. Retail Pharmacy.

If the practitioner indicates "Dispense As Written", or if the member requests the brand name product for a medication where a generic is available, the member must pay the applicable copayment/coinsurance plus the ancillary charge. The ancillary charge is the cost difference between the brand name product and the generic product. When generic substitution conflicts with state regulations or restrictions the pharmacist must gain approval from the prescriber to use the generic equivalent.
