Introduction: This booklet provides a list of Network Health Medicare Advantage Plans' network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Network Health Medicare Advantage Plans' formulary.

When this pharmacy directory refers to “we,” “us,” or “our,” it means Network Health Medicare Advantage Plans. When it refers to “plan” or “our plan,” it means Network Health Cares.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to plan enrollees. In most cases, your prescriptions are covered under Network Health Medicare Advantage Plans only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network

pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of the date displayed at the bottom of each page. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program which is called Express Scripts Home Delivery. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

Express Scripts Home Delivery – 2026 Network Health Cares (PPO D-SNP) Part D Pharmacy Directory

You can get prescription drugs shipped to your home through our network mail order delivery program which is called Express Scripts Home Delivery.

If you have used mail order services with your current plan before, or if you opt in now, our pharmacy will automatically fill and ship new prescriptions received directly from your doctors or other prescribers. You may opt out of automatic deliveries of new prescriptions at any time by contacting us. If you never had mail order delivery and/or decide to stop automatic fills of new prescriptions, we will contact you each time we get a new prescription from a provider, to see if you want the medication filled and shipped at that time. This will give you an opportunity to make sure that the correct drug (including strength, amount, and form) will be delivered, and, if necessary, allow you to cancel or delay the order before you are billed and it is shipped.

For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please contact us 21 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact us by calling Express Scripts at 800-316-3107 (TTY/TDD users should call 800-716-3231), 24 hours a day, 7 days a week.

Typically, you should expect to receive your prescription drugs within 14 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at 800-316-3107 (TTY/TDD users should call 800-716-3231).

Express Scripts coordinates home delivery prescriptions for glucagon-like peptide-1 (GLP-1) agonists with Evernorth Enguide Pharmacy. Examples of GLP-1 agonists include Ozempic, Mounjaro and Trulicity. You can contact Evernorth Enguide Pharmacy directly at 513-858-4037 (TTY/TDD users should call 711), Monday – Friday, 7 a.m. to 4 p.m., to order your GLP-1 medication.
